

# **Water Quality Enhancement Program Design Manual**

**South Dakota Department of Transportation**

700 East Broadway Avenue  
Pierre, SD 57501-2586

# CONTENTS

## **Section 1: Purpose and Authorities**

1.1	Introduction	2
1.2	Clean Water Act	2
1.3	Historic Resource and Endangered Species Legislation Impacting Erosion and Sediment Control Requirements	3
1.4	Code of Federal Regulations	3
1.5	South Dakota Code	3
1.6	SDDOT Storm Water Management Program	4
1.7	Storm Water General Construction Permit	4
1.8	Maintenance of the SWPPP	8
1.9	Conclusion	8

## **Section 2: Principles of Erosion and Sediment Control**

2.1	Introduction	10
2.2	Types and Causes of Erosion	10
2.3	Erosion Control versus Sediment Control	13
2.4	Principles of Erosion and Sediment Control	14

## **Section 3: Erosion and Sediment Control Best Management Practices**

3.1	Introduction	19
3.2	Permanent Erosion Control	19
3.3	Matching Vegetation to Soils and Climate	21
3.4	Woody Materials in Erosion Control	22
3.5	Structural Supplemental Controls	22
3.6	Biotechnical controls	23
3.7	Temporary Erosion and Sediment Control for Construction	23
3.8	Run-on Management	27
3.9	Biotechnical Techniques	28
3.10	Endangered Species	29
3.11	BMP Selection Tool	29

## **Section 4: Managing the Construction Site**

4.1	Mobilization	32
4.2	Maintaining the SWPPP in the field	33
4.3	Inspections	33

**Section 5: Engineering and Design for Erosion Control**

5.1	Introduction	37
5.2	South Dakota Department of Transportation Policy	37
5.3	Preparing the Storm Water Pollution Prevention Plan (SWPPP)	37
5.4	Design Methods for Temporary Sediment and Erosion Control	41

**Section 6: Miscellaneous Erosion and Sediment Control Design Information**

6.1	Guidelines for Erosion Control Blanket Design	49
6.2	Guidelines for Turf Reinforcement Mat Design	50
6.3	Seeding vs Sodding Design Decision	51
6.4	Erosion and Sediment Control Checklist	52
6.5	Erosion and Sediment Control Design Information	53
6.6	Erosion and Sediment Control Design Computation Worksheets	57

**Section 7: Erosion and Sediment Control Product Specifications**

**Section 8: Glossary of Erosion Control Terminology**
