SDDOT REVIEW:		
Rec'd Date _____	Review Date _____	By _____

PLEASE READ ALL INSTRUCTIONS.

GENERAL: This report is to be completed following the last full pay period of every month. (**NOTE:** If a pay period includes days from two different months it should be the first week reported on the next status report. For example, if July 26th is the Friday and end of the pay period, the rest of July, the 27th through the 31st, would be included with the next report.) The report is due in the Civil Rights office within one month following that pay period OR within one month of the ending of the pay period during which the trainee graduates, is suspended/laid-off, or quits or is terminated. Blank copies of this form can be found at: <http://www.sddot.com/services/civil/ojt.aspx>. Following the initial report, subsequent reports should include only training hours since the last report.

Report for Period Ending – Date of the ending of the last pay period covered by this report.

Trainee Name – Trainee’s name as show on the registration form.

Job Title – The job title as shown on the registration form, i.e. “Form Builder”, “Front end Loader Operator”, etc. DO NOT USE wage group codes – use job titles as listed in the program booklet or on the wage scale.

Contractor – Name of firm providing training; may be prime or subcontractor.

Project Number/PCN of Registration – Project Number as it appears on contract, as “F 0099(82)713, PCN 1234”. Be sure to include the PCN number. If working on multiple projects, please list all projects listed as a trainee.

Project/Location -- If the Trainee works on multiple projects during the monthly period be sure to indicate every project and indicated the number of hours. If work on multiple projects in same work week, please list each project separately in the table.

Total Hours From Last Report – First report will be blank or “0”; subsequent reports should show accrued hours from last line of previous report.

Payroll – If you use payroll numbers show in sequence even if there are no reported hours for the week. Leave blank if payrolls are not numbered.

Week Ending – Date of last day of pay period as “3-10-06” or “10-26-06”.

Hourly Wage – Wage Rate as shown on payroll.

Hours Worked – Training hours only – total of regular and overtime training hours worked during the pay period. DO NOT show regular and overtime hours separately on this report. DO NOT show non-training hours. Also it is important to show all Training hours even those not on federal-aid construction projects. If the Trainee works on multiple projects during the period, please indicate in the margin the number of hours per project.

Non-Training Hours – Number of hours that are worked outside the training program. The trainee will receive credit for a percentage of non-training hours towards graduation.

Accrued Hours – Total hours both training hours and non-training hours for this pay period plus the accrued hours from the line above. The first line of the first report filed will show hours worked and accrued hours as identical.

Complete the items on the lower portion as appropriate.

Multiple Concurrent Projects – when a trainee is going back and forth between two jobs at the same time without quitting one and starting another. PLEASE BE SURE TO CHECK “YES’ IF THE TRAINEE IS SPLITTING TIME ON MUTLIPL E CONCURRENT PROJECTS.

NOTE: If a trainee has a change in hourly wage rate during a pay period, split that pay period across two lines – use the first to show information for the hours up to the change and then use the next line, same payroll number, week ending, etc. to show the new rate and the hours worked at that rate. The same procedure should be used if a Trainee works on more than one project in the same week.

REMEMBER – REPORT IS DUE FOLLOWING THE LAST FULL PAY PERIOD OF THE MONTH OR IMMEDIATELY IN THE CASE OF TERMINATION, LAYOFF OR QUIT. PENALTIES MAY BE ASSESSED FOR LATE REPORTS.
