

# I-90 EXIT 14 INTERCHANGE 27TH ST & HWY 14A/COLORADO BLVD SPEARFISH, SD

Bulletin No. 19—December 5, 2016

Seasons greetings from the South Dakota Department of Transportation! The snow and cold has slowed progress over the last couple of weeks. Colorado Blvd did not open on December 2nd as planned. The asphalt tie-ins were completed over the weekend. All that remains to pour before opening the eastbound Colorado Blvd lanes is at the west approach into White's Canyon Motors. This will get poured as weather permits.

The bridge end backfill on the north end of the structure is complete. Some concrete paving remains on both the north and south ends of the bridge. This work will also continue as the weather permits.

Please drive safe during this holiday season. Be on the lookout for slick road conditions when traveling through the project. We are still pushing to get all work that affects traffic completed and open on Colorado Blvd and tying-in the concrete paving into the bridge later this month. We apologize for any inconvenience this may cause and we thank you for your continued patience.

Weekly project meetings are open to the public and are every Thursday at 2:00 p.m. in the Hudson Hall (Room C), 222 W Hudson St, Spearfish, SD.

Road construction information for this project can be found at the following links as it becomes available:
