

# I-90 EXIT 14 INTERCHANGE

## 27TH ST & HWY 14A/COLORADO BLVD

### SPEARFISH, SD

Bulletin No. 6—June 6, 2016

#### PROJECT SCHEDULE & UPCOMING ACTIVITIES:

The contractor has been making good progress to date. There is a lot of work yet to be completed before the Sturgis Motorcycle Rally this year though and you should see an increase in construction activity. Grading operations are nearing completion for this phase of work and as that slows down activity on the surfacing and bridge construction will pick up. To help with traffic congestion, the traffic lights at 27<sup>th</sup> St & Colorado Blvd and 27<sup>th</sup> St & the eastbound on and off ramps have been changed to a four-way flashing red 24/7.

#### PROJECT PROGRESS:

**GRADING:** Grading continues on the westbound off ramp and the north bridge berm.

**SURFACING:** Gravel is completed on north half of Colorado Blvd and concrete paving is progressing. Gravel is also being placed on the eastbound I-90 lanes and the eastbound on and off ramps. Paving on these lanes will begin shortly.

**STRUCTURE:** The piling for the south abutment and center bent are complete for the east half of the new bridge. Pile driving for the north abutment for the east half of the new bridge will begin soon. Construction of the south MSE wall is progressing.

The project is in Phases 1 and 2A now. Phases 1, 2A, and 2B will be constructed prior to the Sturgis Rally. Construction maps showing the phases can be found on the website at <http://www.sddot.com/travelers/projects/Exit14/>.

Thank you for your patience and attention when traveling through the project. Weekly project meetings are open to the public and are every Thursday at 2:00 PM in the Hudson Hall (Room C), 222 W Hudson St, Spearfish, SD.

Road construction information for this project can be found at the following links as it becomes available:
